

OPTICAL

We are proud to offer you the latest designs in eyewear through our very own Optical Dispensary. Fendi, Coach, Nautica, Silhouette and Vera Wang are just some of the many designs that are available to suit your needs.

Our Board Certified Opticians and staff are ready to fit you or your family in eyewear that is not only right for you, but right for your wallet. With so many frame designs to choose from, we are confident you will find a pair of eyeglasses that will meet your needs.

Our Optical Dispensary is located right inside the facility. You can get a prescription from your doctor and get it filled all under one roof. This is just another way we are committed to excellence and convenience for our patients.

If you would like to schedule a fitting for your glasses or just simply want to find out what we have to offer, call or visit our dispensary today!

OPTICAL SERVICES

Frame Selections

Frames for adults and children that will fit any budget.

Frames From The Top Designers

Several of the designer lines we carry include Fendi, Calvin Klein, Dior, Nautica, Liz Claiborne, Vera Wang and many more.

Safety Eyeglasses

We have an assortment of safety frames for patients that require special safety glasses for work or hobbies. These frames are also available for businesses that supply safety eyewear for the employees.

Sunglasses

We carry a large assortment of sunglasses that can have your RX filled in them. There are many frames that have Polaroid lenses available to purchase in stock without an RX.

Specialty Frames For Sports

Rec Specs are safety eyewear that are used for sports. They come in all sizes and shapes available for adults and children.

Repairs

We can replace nose pads and screws. If the frame is broken, we try to fit your current lenses into another frame if possible.

Optical Services

- Individual services for fitting frames and lenses.
- There are four Opticians to serve you.
- We will give you our best opinion on frame selections.
- We will offer you all lens options that are available for your RX.
- The labs we use to manufacture your lenses use state of the art equipment.
